AN EVALUATION OF ALIAH DEBIEL 2007 Grey Mare Ali Reshan x SHS Mageeda

Ears: Average size, well set

Eyes: Large, dark, well set with good width

Muzzle: Small with large nostrils

Head: Very typey, short, good dish, large cheeks

Neck: Long and well set

Shoulder: Good angulation

Top Line: Good, deep heart girth, good body

Croup: Could be slightly more level

Hip to Buttock: Good length

Front Legs: Long, well muscled forearms, short cannons, very slightly offset on the left front

Hind Legs: Long, well muscled gaskins, large, correctly angled hocks

Pasterns: Correct length and angles

Tail: Well set and carried

Feet: Good

Movement: Excellent free movement and presence

Overall: In my opinion, this is a top quality, very typey mare. She was top ten at the Egyptian Event. She has not yet been bred. She has a lovely temperament, and she has a good future in the show ring and as a brood mare.
